e the KING's most excellent MAJESTY.

Most gracious Sovereign,

OUR Majesty's most dutiful and loyal Subjects, the Repre-fentatives of the Freemen of fentatives of the Freumen of your Province of Maryland, happy in their Allegiance to the best of Kings, and warm in Affection and Attachment to your facred Person and Government, with all Humility, beg Leave to approach the hrone, and supplicate your Majesty, ever graciously iclined to hear the just Complaints of your most reste Subjects.

thone, and supplicate your Majeity, ever graciously idined to hear the just Complaints of your most reside Subject's. Your Majesty's People of this Province, conceive it fixed and unalterable Principle in the Nature of Things, and a Part of the very Idea of Property, that shatever a Man hath honeitly acquired, cannot be ken from him, without his Consent. This immuble Principle, I they humbly apprehend, is happily agrasted, as a Fundamental, into the English Constitution, and is fully declared by Magna Charta, and by the Petition and Bill of Rights: Hence it is, that your subject's most distant Subject's are justly entitled to all he Rights, Liberties, Privileges, and Immunities, of our Subjects born within the Kingdom of England. Inder this Idea, your Majesty's royal Predecessor, King Starles I. by his Charter of this Province, did grant is follows: "We will also, and of our more abundant Grace, for Us, our Heirs and Successor, do firmly charge, constitute, ordain, and command, that the said Province be of our Allegiance, and that all and singular, the Subjects and Liege-men of Us, our Heirs and Successor, transplanted, or hereafter to be transplanted into the Province aforesaid, and the Children of them, and of others, their Descendants, whether already born there, or hereafter to be born, he, and shall be Natives, and Liege-men of Us, our Heirs and Successor of our Kingdom of England, and treated, and esteemed as the faithful Liege-men of Us, and our Heirs and Successor, born within our Kingdom of England; also Lands, Tenements, Revenues, Services, and other Hereditaments whatsoever, within our Kingdom of England; and other our Dominions, to inherit, or otherwise purchase, receive, take, have, hold, buy, and posses, and the same to use and enjoy, in the same possess and the same may use and enjoy, in the same possess and the same may use and enjoy, in the s

alien, and bequeath; and likewife, all Privileges, Franchifes, and Liberties of this our Kingdom of England, freely, quietly, and peaceably, to have and poliefs, and the fame may use and enjoy, in the same Manner as our Liege-men, born, or to be born within our said Kingdom of England, without Impediment, Molestation, Vexation, Impeachment, or Grievance of Us, or any of our Heirs, or Successors; any Statute, Act, Ordinance, or Provision, to the contrary thereof, notwithstanding. And surther, we will, and do, by these Presents, for Us, our Heirs and Successors, covenant and grant to, and with the aforesaid now Baron of Baltimore, his Heirs and Assigns, that we, our Heirs and Successors, at no Time hereaster, will impose, or make, or cause to be imposed, any Impositions, Custons, or other Taxations, Quotas, or other Contributions, whatsoever, in, or upon the Residents, or Inhabitants of the Province aforesaid, for their Goods, Lands, or Tenements, Lands, Goods, or Chattles, within the Province aforesaid, or in, or upon any Goods, or Merchandizes, within the Province aforesaid, or is within the Ports, or Harbours of the said Province, to be laden, or unladen; And we will, and do, for Merchandizes, within the Province aforefaid, or Merchandizes, within the Province aforefaid, or within the Ports, or Harbours of the faid Province, to be laden, or unladen: And we will, and do, for Us, our Heirs and Successors, enjoin and command, that this our Declaration, shall, from Time to Time, the received and allowed, in all our Courts and Pratorian Judicatories, and before all the Judges whatsoever, of Us, our Heirs and Successors, for a sufficient and lawful Discharge, Payment, and Acquittance thereof, charging all, and singular, the Officers, and Ministers of Us, our Heirs and Successors, and enjoining them, under our heavy Displeasing, that they do not, at any Time, presume to attempt any Thing to the contrary of the Premises, or that may in any wise contravene the same; but that they, at all Times, as is sitting, do aid and affist the aforesaid now Baron of Baltimors, and his Heirs, and

aforesaid now Baron of Baltimors, and his Heirs, and the aforesaid Inhabitants, and Merchants, of the Province of Maryland aforesaid, and their Servants, and Ministers, Factors, and Assigns, in the fullest Use and Enjoyment of this our Charter."

Our Ancestors firmly relains on the royal Promise Use and Enjoyment of this our Charter."
Our Ancestors firmly relying on the royal Promise, and upon these plain and express Declarations of their alterent, natural, and constitutional Rights, at the lazard of their Lives and Fortunes, transported themelves and Families to this Country, then scarcely nown, and inhabited only by Savages. The Prospect of a full and peaceable Enjoyment of their Liberties and Properties, softened their Toils, and strengthened are to overcome innumerable Difficulties. Heaven to feered their Endeavours, and has given to your Ma-

jesty, a considerable Increase of faithful Subjects, improved the Trade, and added Riches to the Mother-

Thus, happy in the Enjoyments of the Rights and Privileges of natural-born Subjects, have they, and their Potterity lived, and been treated as Freemen, and their Posterity lived, and been treated as Freemen, and thus, hath the great fundamental Principle of the Conflictution, that no Man shall be taxed, but with his own Consent, given by himself, or by his Representative, been ever extended, and preserved inviolate in this remote Part of your Majesty's Dominion, until questioned lately by your Parliament.

It is therefore with the deepelt Sorrow, may it please your most excellent Majesty, that we now approach the Throne, on Behalf of your faithful Subjects of this Province, with all Humility, to represent to your Majesty, that by several Statutes, lately enacted in the Parliament of Great-Britain, by which sundry Rates and Duties are to be raised and collected within your Majesty's Colonies in America, for the sole and express Purpose of raising a Revenue, this great fundamental Principle of the Constitution, is, in our Apprehension, infringed. Colonies in America, for the fole and express Purpose of raising a Revenue, this great fundamental Principle of the Constitution, is, in our Apprehension, infringed. The People of this Province, Royal Sire, are not in any Manner, nor can they ever possibly be, effectually represented in the British Parliament: While, therefore, your Majesty's Commons of Great-Britain continue to give and grant the Property of the People in America, your faithful Subjects of this, and every other Colony, must be deprived of that most invaluable Privilege, the Power of granting their own Money, and of every Opportunity of manifesting, by chearful Aids, their Astachment to their King, and Zeal for his Service; they must be cut off from all Intercourse with their Sovereign, and expect not to hear of the royal Approbation; they must submit to the Power of the Commons of Great-Britain; and, precluded the Blessings, shall scarcely retain the Name of Freedom.

May we then, most gracious Sovereign, be permitted, humbly to implore your tender Consideration of this unhappy Circumitance of your American People? May we pray, that your Majesty will extend to your faithful People of Maryland, that paternal Regard which your Majesty hath so invariably shewn to the just Rights of all your Subjects, and be graciously pleased to grant them such Relief, as to your Majesty's Wisdom and Justice shall seem meet?

THE Confederates of the Sieur Malczewsky fell the 4th Inst. upon the little Town of Zirke, near the Wartha, and demanded of the Inhabitants a Contribution of 20,000 Florins, besides all the Corn and Forage they took away with them; but the Administrator having, not long before their Arrival, carried off all the Cash to Driessen, these Malecontents destroyed the Castle, and most of the Houses, and in Revenge, for having missed their Prey, they massacred several of the unfortunate Inhabitants.

LEGHORN, Dec. 16. They write from Corfica, that Two English Noblemen, who came there, after having spoken with General Paoli, returned to Italy in a Ship under French Colours. The Corficans have taken into their Pay 5000 regular Troops, in Order to enable them to oppose the 40 Battalions of French Troops that are to go to Corsica in the Spring. Notwithstanding these Reinforcements, the Corsicans are more than ever determined to spend the last Drop of Blood in Defence of their Liberties.

STOCKHOLM, Dec. 20. Some Differences having arisen between the Senate and the College of the Chamber, the former resolved on the Establishment of an extraordinary Tribunal to take Cognizance of, and to decide them. Of which the King being informed, he went to the Senate on the 12th of this Month, declared his Disapprobation of that Merssure, proposed the holding an Assembly of the States, and caused a Writing to be entered in the Registers of the Senate, in his Presence, at the End of which his Majesty declared, that if the College continued to oppose the Convocation of the States, he would abdicate the Crown.

As soon as the King had retired, the Senate took into Consideration his Majesty's Declarations. At the Close of their Deliberation, the Senators Friesendors and De Ribbing went to Court, and earnestly prayed the King that he would desist from his Demand; but his Majesty declared he would not, and desired that the Senate might give him a categorical Answer. An Hour after, Six other Senators went, and intreated the King to grant the Senate a Delay as a Refusal; that he renounced the Government 'til the States should be assembled, that he forbade the dispatching the least Business in his Name, and that he insisted the Seals should be delivered to him.

The next Day the King sent the Prince-Royal to the respective Colleges, there to read the following Declaration:—"We order, by these Presents, our dear Son, the Prince-Royal, to notify to the Colleges of the State, that, judging it necessary to convoke the States of the Kingdom was had pressured that the Senate and the states of the Kingdom.

confequently, we find ourfelves under the Necessity of abdicating the Regency, until the faid States shall be convoked. Done at Stockholm, Dec. 13, 1768. ADOLPHUS FREDERICK."

The Prince, however, signified to the Members of the College, that they should answer it to his Mighty, and the States, if they continued to make Michael College.

From this College, the Prince-Royal went successively to the others. The Streets were filled with Crowds of People, imparied to learn the Islue of a Scene so extra-

While his Royal Highness was making this Tour of the Colleges, the Senate continued assembled, and sent a Tland Deputation to the King, praying him to change his Resolution. This Attempt having also proved as fruitiess as the Two preceding, Friesendorff, Hierne, Hern, Legerbielke, Walwick and Funck, came to a Resolution of conforming to the King's In-tention, and confenting to the Convocation of the States; their Voices, joined to his Majesty's, formed a Majority.

In about Three Hours after, the King refumed the Crown and the Scenter, and the Affembly of the Dyet was fixed for the 15th of March.

from Finland, Ingermania, and Livonia, besides Twenty
Thousand Calmucks.

According to Letters from Leghorn, General Paoli
has now a Number of Scotch Highlanders in his Pay,
several of whom bad served in the last War.

A Letter from the Confines of Poland, dated Dec.
9, says, "We learn from Caminiec, that the Turks,
and Tartars have Orders to retire from the Frontiers
of Moldavia, and Walachia, probably, in order to go
into Winter-Quarters."

Dec. 29. The General Court of the East-India Company last Wednesday was held, to consider some Advices
of the State of their Concerns in several Parts of the
Company's Settlements, and also the Consideration of
some Proposals made by the Directors to the Board of
Treasury, and the Answers of that Board to them.
The principal Matters were, an Offer of 400,000l. for
Five Years, in Consideration of waving any Claim to
the Territorial Revenues of the Company in Asia, and
on an implied Condition, that the Restriction on the
Dividend should be enlarged to Twelve and an Half per
Cent. with the Limitation, that not more than One per
Cent. Advance be made in one Year. The Sense of
the Court, as far as could be gathered from the Debates, and other Appearances, seemed to be againt
concurring with the Proposals; but the farther Consideration was adjourned 'til that Day Fortnight.

The Term of Two Years, for which the India Company paid the Government 800,000l. to avoid any Difcustion of the Claim of the Crown to the Revenue accruing from their Assatic Dominions, being expired,
there is great Reason to believe, that their Assairs will
occasion great Speculation and Dispute. Their Nego-

cruing from their Anatic Dominions, being expired, there is great Reason to believe, that their Affairs will occasion great Speculation and Dispute. Their Negociations with the Ministry will not only be attended with great Disticulty, but besides, the Two Parties are struggling for the Directorship; the Directors themselves are now engaged in warm Disputes respecting their Measures.

their Measures.

A Correspondent at Bath, informs us, that an Officer there took an Opportunity lately, in the Hearing of a Lady pretty nearly related to Mr. Wilkes, to speak of that Gentleman in a difrespectful virulent Manner, and concluded with saying, d— him, I wish I had his Head." To which the Lady replied, with a very significant Emphasis, "I wish, Sir, you had but Half his Head." What do you mean by that, Madam, returned the Officer—" Because (replied the Lady) you would not then, Sir, have remdered yourself so ridiculous as to calumniate an absent Man, who, notwithstanding the Aspersions you have scandalously thrown out against him, is greatly above being guilty of semean, so unmanly an Act."
